

Happy New Year,

Thank you support this year. Your children have truly been the greatest gift. I enjoy every moment. I would like to review some policies. It's the new year and hopefully one year full of promise and progress.

Please review your insurance plan copayment for speech-language services on your recent insurance card. I will have you sign a waiver if services are not covered through your plan. Unfortunately, plans continue to change. Please pay your copayment at the time of visit. This payment will help my business records and I can spend more time planning and creating therapy programs for your child. Please cancel 24 hours before appointment.

Please call me if you have to cancel an appointment. I will try to reschedule. Sometimes children are waiting for appointments as well. It will help manage my schedule. Also please provide me with your cell phone (if you like) or email. Changes in your insurance plans should also be discussed.
